

# GCSE Retake Programme

**09 Sep 2024 (Ealing)**

**Study Mode: Full Time / Location: Ealing**

GCSEs at a grade 4 or above (the equivalent to a 'C' grade) are often compulsory for many university degrees and jobs. Our GCSE Retake Programme allows you a second chance to achieve your full potential, delivered during the day at Ealing Green College.

If you are aged 16-18, you will normally study five subjects as part of your Study Programme, or if you are aged 19 or older, you can choose to study individual subjects.

We offer:

- Biology
- Chemistry
- Physics
- English
- Mathematics

Each GCSE is taught for 3 hours per week.

You will have a personal tutor who supports and guides you through the course, meeting with them for both group meetings and one-to-one meetings regularly.

## ENTRY REQUIREMENTS

If you are aged 16-18, you will need a minimum of four GCSEs at grades 2 or 3. If your grades are below this, you will be referred to one of our Level 1 or Level 2 programmes.

If you are aged 19 or older, depending on your current qualifications, you may need to sit an assessment prior to assess your current level.

## **ASSESSMENT METHOD**

GCSEs are assessed by external examinations at the end of the year, combined with internal assessments in some subjects.

## **PROGRESSION OPPORTUNITIES**

Upon successful completion of this one-year programme, you can progress on to a wide range of Level 3 courses, where the general requirement is four to five GCSEs at grades 9-4.

## **STUDY METHODS**

You will learn in dedicated theory classrooms and specialist laboratories for Science subjects.
